JUNE FACE-TO-FACE GAMES – This month has many exciting games lined up. We start out with our annual ALZHEIMER games/activities. We will have 2 games on Wednesday, June 22nd at 10:30 and 2:30. Cathy Miller is chairing this event and will shortly be putting out what activities are being planned. I do believe that some of our players will be signing up to play with someone who would like to sponsor them for a game. Definitely we are looking for many generous donations! STAC week is here – June 8, 10 and 11. These games are SILVER POINTS! We have several NAP games – which will award approximately triple regular club pts – half-RED and half black. The rest of the days have Charity or Upgrade Club Championship games scheduled!

MEMBERSHIP NEWS – In May we lost two of our members, John Dunn and John Glover. John Dunn was known for his entertainment both at the bridge table and also with the theatre (entertaining many of our members with his one-man renditions of Broadway musicals). John Glover had not been active in the past couple years; but was known by so many for not only his bridge – but also the many other activities he was involved in. They will be missed by many. We also lost a fairly new member – Tom Woollen. Our condolences to his wife, Velva. (I believe they were evening players).

LIBRARY NEWS – Ted Jarrell has placed the following book in memory of Chuck Krueger – Planning the Defense – Next Level – Barbara Seagram & David Bird. The Charlotte Bridge Club has placed in memory of John Dunn – Planning the Play of a Bridge Hand – Barbara Seagram & David Bird
